Transition Year Admission Policy

Introduction

Transition Year is provided at Loreto Secondary School, St Michael's as an **optional programme** offered each year to a limited number of students. The Board of Management of Loreto Secondary School, St Michael's has set out this admissions policy in consultation with students, staff and parents to ensure it reflects the ethos and values of the school.

Mission Statement

Here in St Michael's we provide a happy and secure student-centred place of learning. Inclusivity, respect, kindness and encouragement are central to everything we do.

Objectives of Transition Year

Our Transition Year programme aims to:

- Encourage personal and social development of students
- Further academic achievement and to help prepare students for further study and adult working life
- Increase social awareness of students with emphasis on development of confidence and personal talent
- Provide education through real life experience, use of ICT, peer teaching, research and self-directed learning and community based focus, whilst retaining a focus on more traditional methodologies, subjects and assessments
- Create a positive environment in which students have opportunities to reach their true potential while availing of a supportive framework for personal development

Expenses

Transition Year offers a wide range of additional opportunities over and above the typical school programme. As a result **in addition to the annual school expenses** an additional expenses will apply to cover the costs of individual elements of the Transition Year programme. All expenses collected on behalf of the Transition Year programme are used to exclusively fund the wide variety of year group experiences including speakers, workshops and trips provided during the year.

The programme expenses are due in two instalments, the first upon acceptance of a place in the programme and the second in May prior to entry. This is to allow for the booking of workshops and activities in advance of the school year.
